

DUO PRO

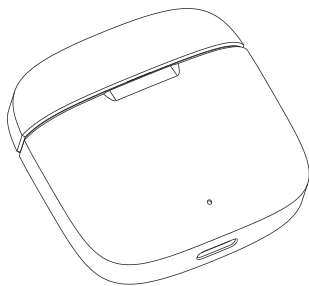

Adaptive ANC True Wireless Earbuds

User Manual

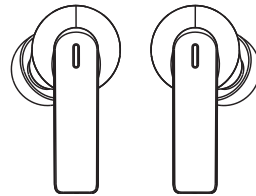

Safety Precautions

1. **Do not** attempt to disassemble or modify the unit.
2. **Do not** expose the unit to liquids, moisture, or humidity.
3. If any liquid enters the unit, **disconnect it from your device immediately**, and move it to a safe, dry location.
4. **Do not** remove the earbuds from the charging case if your hands are wet, to avoid the risk of electric shock.
5. **Do not** expose the unit to extremely high temperatures.
6. **Do not** place the unit near strong electromagnetic sources, as this may cause it to malfunction.
7. Use the **minimum amount** of volume necessary. High volume for long durations will lead to permanent hearing damage.

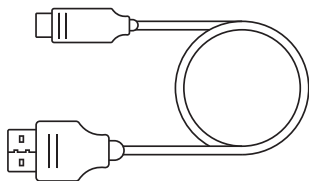

Box Contents

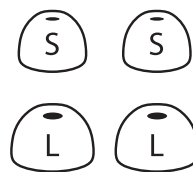

Charging Case

Earbuds

USB-C Cable

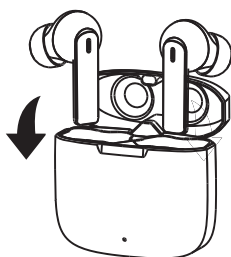

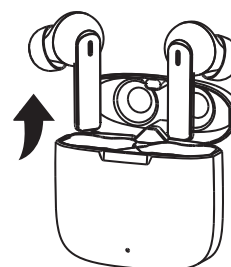

Silicone Ear Tips
(2 Small, 2 Large)

How To Use

1. Power On

Open Duo Pro's charging case - the earbuds will automatically power on.

2. Power Off

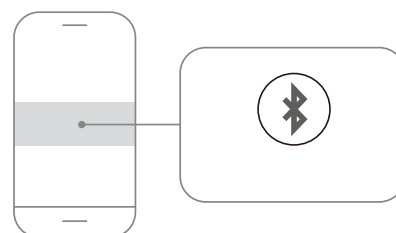

Place the Duo Pro's back into their charging case – they will automatically power off.

If the Duo Pro's are powered on but not connected to any device, they will automatically power off after 5 minutes.

3. Bluetooth Pairing

The Duo Pro will automatically enter pairing mode once the case is open.

On your source device, open the Bluetooth settings, search for "AIRO Duo Pro", and select it to connect.

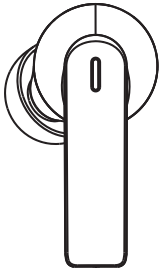

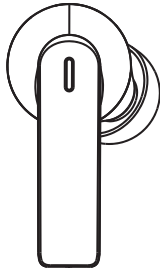

4. Reset

Make sure the Duo Pro are powered on and disconnected from your phone.

Tap either earbud 5 times on the touch area.

Red and White LEDs will turn on for 1 second; Duo Pro will then restart and automatically re-pair with one another.
